Sale Bull Preparation.

The Bullamakinka sale bulls were weaned in July 2024 and had access to a oats crop in August – November, then the main mob of bulls were grazed on forage sorghum and cow pea crop until being put on oats May 2025. The sale bulls have received restricted access to grain supplementation over the last six weeks. The sale bulls have been running in three mobs. The larger mob born before Dec 23 went from grazing oats in 2024 then onto irrigated cowpea/ forage sorghum through to going onto oats this year in May 2025. The second mob of younger bulls (born from Dec 23) haven't had access to the irrigated cowpea crop and had a lesser preparation. The younger herd bulls in the final draft of the sale have had the least preparation with no access to oats or cowpea last year and been fed oats this year.

Sale Safety

Please note it is a safety condition of WQLX (Saleyard Owners) at the Longreach yards that no one is permitted to enter the sale pens unless they are authorised personnel.

Inspection

Sale bulls will be transported to the Longreach saleyards four days prior to sale and penned on the day of sale.

Inspections are welcome prior to the sale at Longreach or earlier at our bull depot at Pittsworth

prior to being transported. A bull walk is to be held at 5 McEwan Lane, Pittsworth on Friday, 22 August, 10am - 3pm

Accommodation

We encourage any intending purchaser that requires accommodation to book accommodation early

Refreshments

Refreshments and food will be available at the saleyards on sale day.

Scanning/Semen Tests

All sale lots will be scanned and semen tested. Scans and measurement will include scrotal, EMA, IMF, rib and rump fat. Semen tested for crush-side motility and lab tested for morphology.

Neogen DNA

Most of the sale draft have been tested for the 50K genomics testing with Neogen. The GGP TropBeef 50K delivers informative markers in tropical cattle for genomic prediction, parentage analysis, and the management of important genetic traits and conditions

This DNA test identifies results such as parentage, poll/horn status, breedplan and myostatin results. Not all of the results of the genomics testing are detailed in the catalogue and are available upon request if required which include Breedplan figures.

Bulls noted with (PP) are Homozygous Polled animals resulting from Neogen DNA Testing.

WELCOME

Welcome to our annual bull sale being held in Longreach for the third consecutive year and again we are offering our entire draft of select sale bulls for your consideration.

The majority of our bulls over many years have found their way into the central west and western regions with most going to repeat buyers. We believe the decision to bring our entire draft of bulls to Longreach will make them more accessible for commercial breeders in this area and underlies our emphasis on supplying bulls for the commercial breeder market.

Our sale draft this year is well represented by both home-bred Bullamakinka sires and purchased sires with our emphasis on selection of sires to maintain growth, fertility, adequate muscle, bone, softness, trim sheath, breed character and quiet temperament. The majority of the sale bulls offered are polled or scurred but we have included a number of horned bulls in the sale to cater for breeders that still require horned bulls.

This year's draft is represented by some of our proven Bullamakinka sires including Bullamakinka Rimfire (P) by Yarrowonga Diplomat (P), Bullamakinka Patriot P2 (P) by Waco Flynn and third year sire, Bullamakinka Q80(PP) which is one of our leading sires and carries a number of the breed qualities of his sire, Bullamakinka Rimfire. The Q80 progeny display the extra growth, carcass and length of their sire.

A number of sale bulls this year are represented by two second year sires acquired in 2021 being Cardona Ulladulla (P) purchased for equal top price of \$65,000 and Beef calf champion, Diamond H Xane (PS) purchased for \$55,000,

A total of fourteen sires are represented in our 2025 sale bull draft including new purchased sires, Dunlop Warren (P) purchased for \$60,000 and being a son of the prolific sire, Bullamakinka Kong and Waco S80(P) purchased for \$30,000. Other new homebred sires successfully used were Bullamakinka P1 18(PS) who is well represented in our sale team this year. Bullamakinka T114(P) was also used later in the 22/23 season and sold to Ambo Grazing in our first Longreach sale in 2024. For a short season T114(P) is also well represented with a number of high growth bulls.

All of our sale bulls this year are crush side semen tested, morphology tested, scanned and fully vaccinated with 3 germ blood, vibrio, 7in1, and 3 day sickness.

We plan to hold a bull walk on Friday, 22nd August prior to the bulls being trucked to Longreach a week later.

Catalogue, bull videos and photos available online at www.bullamakinka.com.au
Pre-sale inspections welcome.

Bullamakinka Santa Gertrudis Stud

Bullamakinka stud was formed in 2006 following the acquisition of "Bullamakinka" in the Goondiwindi district and after investment in the purchase of select lines of breeders from leading studs.

Originally when the stud was established, two foundation sires in Warena Sentry (P) and Canowindra Gold Edition bred extremely well with their genetics forming the base of our current breeder base of approximately 300 breeders being run at Pittsworth.

Bullamakinka has continually invested heavily in sourcing some of the best genetics available every year to introduce outside blood into our herd to assist in maintaining our breeding traits and broaden our genetic base.

BULLAMAKINKA SIREs

Bullamakinka Queenslander Q80(PP)

Q80 is a very large athletic bull that is producing very consistently with these sale bulls being his third crop. Q80 has become one of our leading sires in our stud program and is being used more extensively

Waco Nelson (PS)

Purchased at the Yarrowonga Waco sale in 2019 for \$36000, Nelson is a son of the \$90000 Yarrowonga El Salvador and was purchased for his exceptional growth, carcass, pedigree and temperament. His progeny are very quiet and have plenty of carcass suited to the commercial breeder.

Cardona Ulladulla(P)

Purchased in 2021 for the equal top price of \$65000, Ulladulla was purchased for his pedigree, size, solid colour and breed character. Ulladulla sons sold very well in last years sale and he is breeding very consistently with his sons growing into large framed bulls.

Diamond H Xane(PS)

Xane was the santa gertrudis calf champion at Beef 2021 and we were impressed with his tropical content, thickness, skin, depth and softness. He was purchased for \$55000 in 2021 at Santa Central.

Dunlop Warren(P)

This young sire was purchased in 2022 for \$60000 and is a son of the prolific sire, Bullamakinka Kong that has bred extremely well for the Dunlop stud. Dunlop Warren exhibits a number of the traits we are looking for in a sire and is cherry red with plenty of carcass and breed character.

Bullamakinka P118 (PS)

After being sold in 2019 as one of our lead sale bulls we were fortunate to secure P118 for a season in 22/23 and is represented with ten sale bulls in the sale. Unfortunately, we lost him after that season through injury but threw similar thickness and type in his progeny.

Please note: No DNA was collected in this sire and no sire tracing of progeny could be undertaken.

SIRES CONT...

Bullamakinka Rimfire (P)

Rimfire is a son of one of Yarrawonga Diplomat (P) who was a very successful sire for us. This crop of V calves is Rimfires sixth drop of calves and have sold extremely well producing long tropical cattle with good carcase. Rimfire has produced sons to \$130000 with Bullamakinka Rocky, Bullamakinka Quarantine \$65000, Bullamakinka Ryan \$45000 and retained sire Bullamakinka Q80 who has sons in the sale today.

Bullamakinka Patriot (P)

Patriot was retained being the best son of Waco Flynn, for his tremendous weight for age, temperament, bone, constitution, softness and muscle. Patriot is represented at the sale with a number of sons that carry similar constitution that have good muscle, skin and softness. Patriot is one of our lead sires in the Bullamakinka breeding program.

Waco S80 (P)

S80(P) was purchased at the Waco sale for \$30000 and was attracted to his softness and high tropical content with fine coat and neat sheath. He has a number of sons in the sale today after being joined to our maiden heifers.

Glenn Oaks Nashville (PS)

Nashville is another more moderate sire that was purchased as a heifer bull and his sons are heifer's first calves. He has produced a number of very good bulls over the last 3 years with bulls being sold to Ayredale, Benelkay and Rosevale studs.
